

# Hard to Manage Your M3 TESTING?

## Bring Your Infor M3 Implementation Accelerator to Life

### TEST Solution Characteristics

Dynamic project management = Quick overview

Automatic documentation = Test evidence = Easy diagnostics

Easy to adopt – Already many M3 clients and SI's

## The **WIN-WIN-WIN** Solution for **M3 TESTING** For Upgrades, Patches and New Implementation

### The Business

- Speeds up your M3 upgrades and implementations
- Reduces total cost of project
- Proper test evidence. Compliance
- Training guides for users. Best practice

### The Project Leaders

- 100% overview over your project status at a glance
- Easy to assign test tasks
- Identified issues directly linked to test cases
- Quick reporting to M3 consultants
- Convert test results to Word/PDF or videos

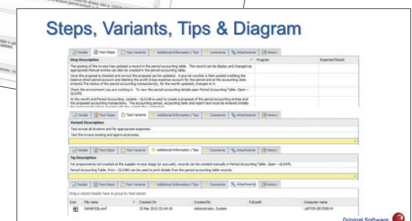

### The Testers and Super Users

- Massive time savings
- All processes, mouse clicks, entries... are captured 1st time
- Add comments along the way – or after
- Removes all doubt as to what was tested
